## PROVINCE OF NEW HAMPSHIRE

---

The freeholders and inhabitants of the Parish of Raymond in said Province by law: are hereby notified to meet at the house of Mr. Benjamin Bean Inholder in said Parish on Tuesday the 29th day of this instant May at one of the clock in the afternoon.

I. To chose a Moderator for said meeting.

II. To chose all necessary Parish officers for the year as the law directs.

III. By vote to appoint what day in March to hold their annual meeting for the choice of Parish officers for the future.

Sam Emerson dated May 14, 1764

At the first Parish meeting held in this Parish of Raymond at the house of Benj. Bean Inholder in said Raymond on the 29th of May 1714; by Samuel Dudley chosen moderator to govern said meeting. Ezechiel Smith chosen Parish clerk for the year in-suing and till another be chosen and sworn in his Rom . . . . .

Voted Benjamin Whittier, Constable

Voted Caleb Rowe, Samuel Dudley, Robert Page, Selectmen

WHEREAS *the Town of Raymond having been incorporated under the laws and with the authorization of the Governor and his council and assembly in the year 1764; we the elected members of the Board of Selectmen do hereby dedicate this Bi-Centennial Town Report in gratitude to and in honor of these five dedicated Town Officers of 1764.*

*Raymond is proud of her history. The year 1764 is a memorable one in our records.*

OUR PAST IS NOW HISTORY —  
OUR FUTURE A CHALLENGE

Given under our hands and seal, this tenth day of March, in the year of our Lord nineteen hundred and sixty-four.

EMILE G. BRISSE  
CARL L. CHASE  
IVAN C. REED, SR.

*Selectmen of Raymond*

## REPORT OF HIGHWAY AGENT

---

We came out very good on our budget last year, although an overdraft was noted on Maintenance. Storms occurring in December can easily cause Maintenance Budgets to overrun, where otherwise there would be an unexpended balance. The appropriation for Tarring was expended very accurately.

Our Town Road Aid project was completed on Lane Road. With the balance left we shall proceed to work on Green Road, a part to be completed this Summer. This work is completed by the New Hampshire Department of Public Works and Highways and under the supervision of the State Highway Engineers.

The Town should consider doing something about a satisfactory salt storage facility. The Town Highway Garage, now being used, is inadequate. There should also be something done about a Highway Garage, or money spent on the present one. Even though it has a truss roof we have at present two posts to give it added support. We have a very serious drainage problem and find that salt, water and equipment do not mix very well.

It has been noted, by me, that within the past few years the Town has accepted some streets and roads with a very narrow right of way, making some of them impossible to maintain properly. This is especially true in regards to cutting of trees, that not only shade the road but interferes with water drainage and promotes icy conditions. On some roads and streets at the point of the Town right of way, or even on Town land, there are walls being built at the line where the drainage ditch is supposed to be, preventing proper snow plowing

thereby forcing the water to run down the road bed causing icy conditions.

The Towns acceptance of some roads, that are merely a right of way, means we will have to raise considerable money for the cutting of large trees in the direct right of way, bulldozing stumps, blasting of rocks and ledge, hauling away the refuse and preparing a proper road bed. The next alternative is to discontinue the right of way, reverting the title back to the developers and/or abutters. Then as houses are built or land developed the road would be built by the builder or developer to meet the minimum New Hampshire Department of Public Works and Highways standards for Class V roads, before being presented for acceptance by the Town. This has been recommended by the N. H. State Secondary Roads Engineer and of which other towns have found necessary to adopt.

I wish to take this opportunity to thank the Town Officers and the Citizens of Raymond for the co-operation and assistance extended to me this past year.

Respectfully submitted,

LYMAN R. HAMMOND, JR.

Road Agent

**RAYMOND FIRE DEPARTMENT**

---

To the Selectmen & Citizens of Raymond:

The following is a brief resume of the activities of the Fire Department for the year 1963.

We had a total of 59 alarms, 23 were bell or outside alarms and 36 were still alarms. We answered 9 Mutual Aid calls, and had 5 false alarms. Our losses were very minor, the worst being the old Griffin Mill.

I wonder how many of our Citizens realize what a nice insurance rate we enjoy inside the hydrant district. We are rated the same as the city of Somersworth, the towns of Derry and Exeter. The towns surrounding Raymond pay from \$2.20 to 4.80 per thousand more than we do in Raymond.

Outside of our tank truck which is beyond repair our equipment is in good shape. The tank truck must be replaced if we are to give our residents who live outside the hydrant district the adequate protection they deserve.

Respectfully submitted,

P. A. FOX, Chief

## RAYMOND POLICE DEPARTMENT

---

This is the third annual report of the Raymond Police Department that I am privileged to prepare.

The year 1963 was by far the best and in fact the safest year that has been recorded by your Police Department. Even though there was an increase in accidents, most of these were minor.

This department shows an increase in most every facet of duty it performs, and a decrease in crimes and Motor Vehicle offenses committed within the town limits.

Many questions have arisen in the past about the night patrol and why so much time is spent doing it. I feel the record of 1963 clearly shows the benefits of this patrol, in the fact that there were no major breaks that constituted a serious loss to any merchant or place of business. Compared to some of our surrounding towns this is a tremendous record. Almost every police official of these other towns are going to adopt some of our same policies for 1964.

The second and biggest phase of this department's work is Motor Vehicle, and although there were more accidents this year, motor vehicle infractions show a decrease. In regard to the decrease in Motor Vehicle infractions, this is due primarily to the attitude shown by the younger drivers of this town and the cooperation they have given this department. I feel they should be commended for both.

Activities such as the school dances put on by the school and other interested parties remained on a par with the past year and these functions are gladly covered by this department.

I would like to take this opportunity to thank Officer Robert Elliott and others for their help and cooperation for the past year and the citizens of Raymond for their assistance and facilities they have provided to make this department's job easier.

JOHN A. HARNEY,  
Chief of Police

**REPORT  
OF AN EXAMINATION AND AUDIT  
OF THE ACCOUNTS  
OF THE  
TOWN OF RAYMOND**

**For the Fiscal Year ending December 31, 1963**

**HUNT'S ACCOUNTING SERVICE  
5 MORNINGSIDE DRIVE  
HAMPTON, NEW HAMPSHIRE**

---

## RAYMOND TOWN REPORT

## HUNT'S ACCOUNTING SERVICE

5 Morningside Drive

Hampton, New Hampshire

February 1, 1964

Board of Selectmen

Raymond, New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1963, as made by Hunt's Accounting Service, as requested by the vote of your Town.

## SCOPE OF AUDIT

All Departments of the Town Government were audited: The Board of Selectmen, Treasurer, Tax Collector, Clerk, Trustees of Trust Funds, Library and Water Department.

## FINANCIAL STATEMENTS

Exhibit A-1 contains a Comparative Balance Sheet for the fiscal years ended December 31, 1962 and December 31, 1963. This Exhibit reflects the Assets and the Liabilities at the close of each year. The financial condition of the Town of Raymond shows a Net Debt of \$42,778.94 at the close of 1963, a decrease of \$15,160.47. Exhibit A-2 gives the details of the decrease.

Exhibit A-3 shows appropriations as raised by the Town vote, receipts and reimbursements of appropriations, expenditures and balances unexpended or over-expended. The final over-expended balances of appropriations was \$5,545.14.

Exhibit A-4 shows anticipated revenues and amounts actually received by the Town. The final excess of revenues was \$14,721.93 and by subtracting overdrafts of appropriations, this will give a net budget surplus of \$9,176.79.

## DEPARTMENTS

Exhibits B-1 through G shows various Town Officers' accounts. Exhibit H shows Long Term Indebtedness and Exhibit I shows Town Officers' Surety Bonds.

All monies were accounted for by reconciling with depository banks.

Verification notices were sent on all delinquent taxes for the 1963 levy.

### GENERAL COMMENTS

The general financial condition improved during the year. All Town Officers' records were in good condition.

The Water accounts receivables increased during the year to \$4,781.50, an increase of \$1,700.63 over 1962. These accounts are much too large and many of them are years old.

Many thanks to the Officials of the Town, for the assistance given to our staff during the course of the audit.

Respectfully submitted,  
HERBERT E. HUNT,  
Auditor

---

### HUNT'S ACCOUNTING SERVICE

5 Morningside Drive  
Hampton, New Hampshire

February 1, 1964

### CERTIFICATE OF AUDIT

This is to certify that the accounts and records of the Town of Raymond have been audited for the fiscal year ended December 31, 1963.

The following Exhibits show the financial condition, revenue sources and expenditures of the Town for the fiscal year ended December 31, 1963.

Respectfully submitted,  
HERBERT E. HUNT,  
Auditor

# TOWN WARRANT

---

*To the Inhabitants of the Town of Raymond in the (L. S.) County of Rockingham in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at Raymond School Auditorium in said Raymond on Tuesday, the tenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what action the town will take relative to the playing of Beano in the Town of Raymond.
4. To choose Delegates to the Constitutional Convention.
5. To vote on the question "Shall sweepstake tickets be sold in this city or town?"
6. To see what sum of money the town will vote to raise and appropriate for town maintenance including snow, cleaning Main Street and any general Highway expense.
7. To see what sum of money the town will vote to raise and appropriate for tarring.
8. To see if the town will vote to raise and appropriate such sums for State Highways as recommended by the New Hampshire Department of Public Works and Highways.

9. To see what sum of money the town will vote to raise and appropriate for street lighting.

10. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

11. To see what sum of money the town will vote to raise and appropriate for the Fire Department.

12. To see what sum of money the town will vote to raise and appropriate for Dudley-Tucker Library.

13. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

14. To see what sum of money the town will vote to raise and appropriate for maintaining the dump.

15. To see what sum of money the town will vote to raise and appropriate for the Park.

16. To see if the town will vote to authorize the Board of Selectmen to sell at public auction any property acquired by Tax Collector deeds.

17. To see what sum of money the town will vote to raise and appropriate for Civil Defense.

18. To see what sum of money the town will vote to raise and appropriate for Hydrant Rental.

19. To see if the town will authorize the Board of Selectmen to procure a Tax Map of the Town and to raise and appropriate the necessary sum of money for the cost of same.

20. To see if the town will authorize the Board of Selectmen to contract with the State of New Hampshire Tax Commission or an approved private assessment company for the purpose of reappraising the taxable property in the town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the town on the same standard of value and to raise and appropriate money to pay for all or part of same.

21. To see what action the voters will take in advising the Selectmen as to their opinion and wishes pertaining to the construction of a section of soil cement highway to be constructed under the supervision of the State Highway and Public Works Dept. and financing through Town Road Aid Funds. This type of construction has proven to be considerably more durable and far more economical from a maintenance standpoint than the conventional method of road construction.

22. On petition of Herbert W. Landrigan and eleven voters to see what action the town will take in regards to its Bi-Centennial Celebration, to raise and appropriate money for the same.

23. On petition of Alfred L. Hickey and twenty-two voters, to see if the town will vote to install a street light at the intersection of Onway Lake Road and Old Back Road at location of pole No. N.H.E. Co. 22-17-26 and to raise and appropriate money for same.

24. On petition of John Schou and twelve voters, asking the town to provide any necessary action to require the Highway Agent to alleviate the water drainage problem on School St. and to raise and appropriate money for same.

25. On petition of Isidore Erwin and ten voters, to see if the town will vote to appropriate the sum of \$12,000.00 for the purchase of a new motor tank truck and to authorize the issue and sale of bonds or notes of the Town therefor, under and pursuant to the Municipal Finance Act.

26. On petition of Frank J. Wilich and nineteen voters, to see what action the town will take in regard to hiring a Town Manager and to raise and appropriate the necessary money for same. (To be voted on by ballot.)

27. On petition of John A. Ross and nineteen voters,

to see what action the town will take in regard to re-assessing all taxable property and to raise and appropriate the necessary money for same.

28. On petition of Sumner W. Dodge, Jr. and nine voters, to see if the town will vote to adopt the Building Regulations as authorized under Sections 1-5 inclusive, Chapter 156, N. H. Revised Statutes Annotated 1956, as follows:

No dwelling shall be built or moved into or within the town unless it shall comply with the following:

1. Area — Every dwelling shall have a ground floor area of not less than five hundred square feet.
2. Foundation — All dwellings shall be set on either metal, cement, brick, stone, or other acceptable masonry.
3. Outside walls — Outside walls shall be constructed of materials commonly used for outside construction and materials customarily painted shall be painted.
4. Sewerage — Each dwelling shall be connected to a septic tank or cesspool as a means of all sewerage disposal.
5. Definition — The word “Dwelling” used herein means a home for human habitation. Barns, sheds, garages, etc. shall conform with only section 3 of this code.
6. Amendment — This ordinance may be amended by a majority vote of any legal Town Meeting when such amendment is published in the warrant calling for the meeting.
7. Enforcement — In case of a violation of this ordinance, selectmen shall, on their own initiative, take immediate steps to enforce the provisions of this

ordinance by any appropriate legal action. Whoever violates any of the provisions of the above regulations shall be punished upon conviction as provided by R.S.A. 156 Section 5.

8. Takes effect — This ordinance shall take effect upon its passage.

29. On petition of Frances Spinazzola and ten voters, to see what sum of money the Town will raise and appropriate to fill, grade and improve an extension of Francesca Drive for a distance of approximately 200 feet.

30. On petition of Lyman Hammond, Jr. and ten voters, to see if the Town will vote to discontinue the Public Highways accepted by the Town at the 1957 Town Meeting and deeded to the Town by: Assunta J. Ege and Frances G. Spinazzolla, exclusive of the following sections of highways:

1. Beginning at the intersection of Epping Street and Francesca Drive and running Southwesterly by the Lamson, Henderson and Callaghan lots for a distance of 700 feet, more or less.
2. Beginning at the intersection of Francesca Drive and the Susan Circle Highway at the Callaghan lot and running Westerly by the Callaghan lot and adjoining Richard Mafera lot, for a distance of 200 feet, more or less, to the end of the tarred section.

31. On petition of Gordon A. Cammett and ten voters, to see if the Town will vote to establish a town road regulation, not to accept any roads unless they comply with the following: At least a 30 foot (width) right of way with proper drainage. At least 12 inch culverts, where necessary. A 20 foot road bed with 2 foot shoulders on each side. The road bed to have at least 12 inches of gravel. These are the minimum standards set by the

State of New Hampshire Department of Public Works and Highways.

32. On petition of Lyman R. Hammond, Jr. and ten voters, to see if the Town will vote to raise and appropriate a sum of money, not to exceed \$1,800.00 for a salt storage building. To be constructed of cement, on the Town Dump land, or any other spot that might be available.

33. On petition of Virginia Brown and fifteen voters, to see what action the Town will take to install two (2) catch basins, raise the elevation two (2) feet, widen it to thirty (30) feet on approximately four hundred (400) feet on Old Manchester Road. Situated between the property of Virginia Brown and George Dockham. To raise and appropriate money for the same.

34. On petition of Robert E. Eccleston and sixteen voters, to see if the Town will vote that it be made mandatory that all cemetery burials include a cement vault, or cement liner.

35. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this Fifteenth day of February, in the year of our Lord nineteen hundred and sixty-four.

EMILE G. BRISSE,  
CARL L. CHASE,  
IVAN C. REED, SR.,  
Selectmen of Raymond

## SCHOOL WARRANT

---

*To the Inhabitants of the School district in the town of Raymond, New Hampshire qualified to vote in district affairs:*

You are hereby notified to meet at the Raymond School Auditorium in said district on the seventh day of March 1964, at Seven o'clock in the evening, to act upon the following subjects :

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose 2 Members of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district,

and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to authorize the Treasurer to transfer three thousand dollars (\$3,000) from the Building Account to the Employee Retirement and F. I. C. A. Account.

10. To see what sum of money the District will vote to provide for the design, construction and equipment of an addition and making necessary alterations to the Raymond Consolidated School and to appropriate a sum of money therefor to be raised by borrowing in accordance with the provisions of the Municipal Finance Act, RSA Chapter 33 and any amendments relating thereto.

**DIVISION OF MUNICIPAL ACCOUNTING**  
**STATE TAX COMMISSION**  
**Concord, New Hampshire**

**SUMMARY OF FINDINGS AND RECOMMENDATIONS**

August 30, 1963

The School Board  
Raymond School District  
Raymond, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Raymond School District for the fiscal year ended June 30, 1963, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

**SCOPE OF AUDIT**

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

**FINANCIAL STATEMENTS**

**Comparative Balance Sheets: (Exhibit A)**

Comparative Balance Sheets as of June 30, 1962 and June 30, 1963, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$9,743.66 during the fiscal year ended June 30, 1963.

**Analysis of Change in Financial Condition: (Exhibit B)**

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

**Comparative Statements of Appropriations and Expenditures —  
Estimated and Actual Revenues: (Exhibits C & D)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1963, are presented in Exhibits C and D. As indicated by the

Budget Summary (Exhibit D), a revenue surplus of \$3,004.60, plus a net unexpended balance of appropriations of \$321.34, resulted in a net budget surplus of \$3,325.94.

#### **Summary Statement of Receipts and Expenditures: (Exhibit E-1)**

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1963, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1963, is indicated in Exhibit E-2.

#### **Statement of School Lunch Account: (Exhibit F)**

A summary of the School Lunch Account is included in Exhibit F.

#### **Student Activities Fund: (Exhibit G)**

The Student Activities Fund Accounts were examined and a summarized statement of these accounts is presented in Exhibit G.

#### **Statement of Bonded Indebtedness: (Exhibit H)**

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1963, showing annual debt service requirements, is contained in Exhibit H.

#### **Statement of School Tax Account: (Exhibit I)**

A statement of the School Tax Account with the Town of Raymond is included in Exhibit I. As indicated therein, as of June 30, 1963, the School District had received from the Town the total amount of the 1962-63 School Tax of \$124,171.14, less an advance of \$3,145.82 on the 1962-63 School Tax, which was received during the fiscal year ended June 30, 1962.

### **GENERAL COMMENTS**

#### **Current Surplus:**

The current surplus (excess of Total Assets over Current Lia-

bilities) increased from \$1,457.84 to \$3,201.50, during the fiscal year as shown by the following statement:

	June 30, 1962	June 30, 1963
Total Assets	\$4,931.99	\$3,266.14
Current Liabilities	3,474.15	64.64
	<hr/>	<hr/>
Current Surplus	\$1,457.84	\$3,201.50

#### Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Raymond School District for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler, Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Hugh J. Cassidy, Auditor  
Charles T. Carroll, Accountant

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION  
Concord, New Hampshire  
August 30, 1963

#### Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Raymond School District for the fiscal year ended June 30, 1963. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District as of June 30, 1963, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler, Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Hugh J. Cassidy, Auditor  
Charles T. Carroll, Accountant

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

My last year's report stated that my recommendations to the School Board were those of expediency on a one-year basis. We had expected a first grade of 45 but have one of 66! After a great deal of study and discussion, the School Board has reached a decision and has recommended a building program with which you are now familiar and which comprises a separate part of the school district report. We urge the most careful consideration of these recommendations. Various regional studies are being made and will be continued. The long-range solution of our educational problems may rest with a regional plan of some sort. It has been my experience that regional schools "just don't happen" and that years of study of many plans are necessary before a particular project is voted. We should be open-minded and receptive to any studies. With good facilities in Raymond, we would be assured of receiving full credit for the same, if incorporated in any regional school.

No report would be complete without mentioning the excellence of the music program under the direction of Ralph Bowie. Many favorable comments have been received as the result of public appearances of the Raymond groups. It is most unusual for a small high school to win, in one year, laurels in both music and in soccer. Winning the state championship in soccer should not go unnoticed here. Raymond should be proud of its achievements. Congratulations to all!

Your attention is again called to the Interim Commission's Report and to its many challenging concepts and recommendations. No one will agree with it in every respect, but it is a thought-provoking report and

contains much basic information. Certainly a goal of at least a teacher per grade and 25 pupils per teacher would improve the learning opportunities of many children in the state. This teacher-pupil ratio is a good goal to keep in mind but difficult to achieve and maintain.

The legislature meets again next year. With our problems, due to an expanding school population, we need all the financial help we can get, no matter how great.

Respectfully submitted,

C. MAURICE GRAY

Superintendent of Schools

## PRINCIPAL'S REPORT

---

To the Superintendent and the School Board:

The first obligation of any society is to its offspring, and the heritage it wishes to pass along to it. Society, therefore, must stand responsible for the conduct and quality of its schools.

Little is to be gained from the critic shouting epithets at the educator and vice versa, because each could well prove his case by quoting from the other. There are many alternatives in education; alternatives as to method; alternatives as to organization. We must try to choose those alternatives that best suit our needs. The written or spoken word should stimulate thought first and action afterwards. It behooves us not to get the cart before the horse.

During the past five years, since the opening of the new addition, we have added one hundred and four students. Since the opening of school in September we have added twenty-three more. Growth has been slow, but steady; a fact that should make it easier for us to plan intelligently. It is not the mushrooming type of growth that has hit communities to the South and East of us.

## INSTRUCTION

Last year I reported the action necessary to meet minimum standards in the high school. Action taken is as follows:

1. We have added a second year of General Mathematics as recommended.
2. A Course in Art Appreciation is being given as a third offering in the fine arts area.
3. No teacher is assigned a schedule requiring more than five different preparations.

4. A certified teacher-librarian is available two periods daily in the library.

5. Additional equipment is being provided for business education and science in the proposed budget.

6. Part-time secretarial help has made it possible for the principal to provide guidance counselling for all high school students.

7. We have provided for a two track system of teaching in science, mathematics, social studies and English.

8. This has made it possible to reduce class size to meet required standards.

9. New areas in Shop are under consideration.

In the elementary school we have added three teachers. The "Little Red Schoolhouse" has been reactivated to provide two emergency classrooms for the sixth grade. Our health room has been lost to one of the third grade sections.

We have extended our instruction in modern mathematics from the primary grades through the upper grades.

We have inaugurated a new social studies program in the intermediate grades. This helps to complement the new reading series, as well as the new English and science series already in use. This means that we have completely re-tooled in the elementary school in the past three years.

In the field of health services, the speech therapist visits our school weekly. The results are most gratifying.

### ACTIVITIES

Our a Cappella Choir was invited to provide the music for the annual State Teachers Convention, a first for our school — a first for the Teachers. This is the first time a small school has been so honored.

Our Band took part in the annual University of New Hampshire High School Band Day, in company with

ten other High School Bands from all over New England.

Two of our Band members: Kathy O'Brien, Trumpet and Kathy Callaghan, Flute have been selected for All-State Band as a result of competitive try-outs held, throughout the state, during Thanksgiving week-end. Two members of our chorus: Eddie Erwin and Art Proulx have been selected for All-State Chorus.

Our girls volleyball team tied for the Southeastern League Championship this past Fall. The Soccer Team won the League Title, the New Hampshire State Championship, and the Southeastern New Hampshire Championship (for the second consecutive year).

We purchased new bleachers for the gym this year with funds realized from our magazine drive. We have also purchased new band uniforms, cheerleading uniforms, and jackets for the basketball team from a variety of fund raising activities.

Your principal has encouraged the Southeastern League, which was organized primarily for athletics, to sponsor competition in mathematics, science and dramatics, with the hope that other areas will be added soon. And, I am happy to report that Raymond High won the first Mathematics Contest conducted under league sponsorship. We will have a Science Fair this Spring, as well as a one-act play contest.

In conclusion, may we say a sincere and heartfelt thank you, to our hard working staff, and to you our fellow townspeople for your continued cooperation and support.

Respectfully submitted,

JOHN J. CALLAGHAN

Principal

## REPORT OF THE SCHOOL NURSE

---

To the Superintendent of Schools:

School health services comprize those procedures destined to determine the health status of the child; to enlist the child's interest in protecting and safeguarding his health; to help parents to understand their children's health needs; and to take necessary steps to provide suitable treatment for disease and the correction of physical defects.

Throughout the nation the attention of the School Health Program has been gradually shifting from purely physical disabilities toward a broader view.

Physical defects command interest and effort because they are usually easy to find and treat.

Problems of personality growth and learning are more complex. We are often unaware that a student has such difficulties.

Recognizing the cause may be clouded because of many contributing factors, such as: Anemia, Congenital Brain Damage, pimples; problems of family care, such as tight shoes, watching TV until mid-night, no breakfast; psychological problems, such as a parent expecting 16 year old behavior from an 8 year old; jealousy of another younger sister or brother, insecurity from divorce or poverty. Diagnosis and treatment are not simple nor dramatic, as is the physical disabilities.

We spend most of the time on simple physical problems. But, as we try to help more children get more from school, we must see the child in relation to his environment. The nurse's home visits and talks with

parents, teachers and students represent a small step in a difficult path.

In Raymond, this spring, the State Department of Health in conjunction with School Health Services held an inoculation clinic for Diphtheria Tetanus and Whooping Cough (D. P. T.) ; Diphtheria and Tetanus (D. T.) ; Tetanus (T.) ; Polio Clinic (Sabin-Oral). Types I, II, III, and Small Pox Vaccinations for school and pre-school children.

In the Fall a Polio Clinic (Sabin Type III) was again held, recommended by the State Department of Health, because of an outbreak of Polio Type III in Canada.

Our Speech Therapist now comes to our school in Raymond and relieves the nurse of the necessity of commuting the children to the Epping Grammar school.

In addition, we have children participating in the following programs and clinics:

Adolescent and Children's Heart Clinics at Elliot Hospital, Manchester, New Hampshire.

Crippled Children's Clinic, Elliot Hospital. Manchester, New Hampshire.

Child Guidance Clinic, Concord, New Hampshire.

Seacoast Family Service, Exeter, New Hampshire.

Sight Conservation Program, Concord, N. H.

Dental Clinic at Raymond.

The community parents, teachers, groups and individuals who have helped us in so many ways have enabled us, here at Raymond, to provide an active and interesting schedule. Without you, we could not function. Our thanks to all of you.

Respectfully submitted,

LORA L. LAVOIE, R. N.

School Nurse - Teacher

## CURRENT CLASSROOM CRISIS REPORT

---

### FOREWORD

In nearly every community throughout our country the problem of spiralling school costs is a matter of urgent concern to the taxpayer. The battle goes on to provide our youngsters with a sound education and at the same time keep our tax rates at reasonable levels.

In the last session of our State Legislature many bills relating to Education were introduced. A few minor ones passed. But, the basic problem of financing the education of the children in each community still rests almost entirely on local taxation.

Various towns throughout our state have approached the problem in many different ways. Some have adopted programs that fall short of minimum standards. Some tuition their junior high and high school students to other towns. Others operate on "double sessions". Still others operate on a "split class" arrangement. In our own school we have had to resort to a split 1st and 2nd grade this year.

It is unfortunate that the financial burden of providing a sound education for our children is becoming more serious at a time when it is obvious that better education is needed to prepare our students for entrance to college; or, to enable them to develop skills which will prepare them for securing gainful employment in industry and business.

It is a sad commentary on the educational system today to note that hundreds of thousands of high school "drop outs" cannot find employment while, at the same time, thousands upon thousands of jobs requiring skilled labor are waiting to be filled.

Here in Raymond we can take pride in the fact that our school system has maintained an Approved

Comprehensive High School Rating since the establishment of minimum standards some years ago.

We can take pride, too, that our school won the state soccer championship last season and that our school band has won several honors. Our choir was invited to perform at the State Teachers Association Convention, and did so, admirably. This is the first time that a small school choir has been so honored. Other instances might be cited to indicate that our school program is an aggressive one. This is due in part to a dedicated administrative staff, a loyal and competent teaching staff, and to the townspeople who vote the funds to make it possible.

The people of our Town have always responded to the call for the improvement of our educational facilities. Indicative of this is the fact that only Raymond has an Approved Comprehensive High School in this area.

We have met the challenge in the past but the future demands more of us.

We are confident that our fellow townspeople will continue to meet the challenge of providing our youngsters with the very best education our resources will permit.

We earnestly request that the information contained in this booklet be studied carefully. The final determination of what our standards of education will be rests with you. The importance of the problem demands the careful consideration of all of us.

## WHAT IS THE CRISIS?

1. During the present school year we are utilizing two classrooms in "The Little Red School House", which, according to the best information we can get, was built well over 100 years ago and served the Dudley School District in West Raymond for at least 100 years before it was moved to its present location.

2. We have found it necessary to curtail the School Health Program because it was necessary to confiscate the Health Room for conversion into another classroom. Essentially, many of the School Health Activities must be carried on outside regular school hours.

3. The Cafeteria is sufficiently sub-standard that money was appropriated at the last District Meeting to move the Cafeteria to a new location, but it was found that the project could not be carried out for that amount, and so the situation has been tolerated for another year.

4. The present library is sub-standard in size, according to State Department of Education Regulations; and it is located in the Elementary part of the school instead of in the Junior-High, High-School area, where it is primarily needed.

5. In the high school, one half a room has been taken away from the Commercial Department to be used as a language lab, and one half a room has been taken away from the Science Department to be used as a general classroom, so that we could meet minimum State Course Requirements.

6. The first grade that entered this year was so large that it was necessary to split it into three sections; one section was combined with a section of grade 2, so that we have one mixed grade.

7. The size of grades 7 and 8 for next year are going to be such, that it will be mandatory to split each grade into two sections.

8. Raymond's school population in 1959 was 433 and in 1964 it is 537. This is an increase of 104 pupils, or 24%. Projecting these figures to 1969, we would expect 666 pupils. This does not take into consideration the accelerated rate of growth which is beginning to

show. In Sept. 1963, we anticipated 45 first graders and we had an opening day enrollment of 66.

Cooperative School Effort: One hears echos of this same type of crisis in each of the surrounding towns. It would certainly appear that if some of the towns could get together and solve their problems jointly, there would be a saving in not having to duplicate costly facilities, particularly at the high school level; and that the resulting larger school would offer its students a much broader selection and level of study. There was a strong feeling present in favor of the Cooperative effort among members of the Board. Consequently, a diligent program of study was undertaken to meet our crisis in this manner.

The surrounding towns were approached with the following results: Fremont showed little interest as they were waiting to see what Sanborn Seminary in Kingston would do; Deerfield sent a representative to the first meeting, but he felt that he was coming as an observer, and he did not return; Candia and Auburn had already signed a Tuition Contract with Manchester; and Epping said that they would be happy to study. So, the study was undertaken with Epping. We had complete cooperation from, and participation by, the State Department of Education. After approximately 10 meetings, the following things happened:

1. It was discovered that the only way the two towns could get together from the standpoint of borrowing power was on a 1-12 basis. Epping was not particularly interested in this approach. It was felt by the Raymond School Board that a two town coop, was not economically sound, even if Epping, a town that has had considerable difficulty in passing issues with reference to Capital School Outlay, could pass the issue.

2. A law passed by the New Hampshire State Legislature, which became effective July 1, 1963, made the Raymond School Board illegal as a study group for multiple town participation in a school construction program. According to the new law, it would have been necessary to call a special District Meeting to have a study group elected. The Board sought reactions from Deerfield and Nottingham as to their interest in joining in with Raymond and Epping on a crash program of repeating the study and having results ready so that the students would be able to use the School by September of 1965. We met with less than enthusiastic results. All factors considered, we felt that we had investigated every possible, practical avenue in the direction of forming a Cooperative School District and building a school which would be ready for occupancy by the time that it is absolutely mandatory that we have space to meet our darkening crisis.

Let it be remembered that this School Board has among its members some strong feelings in favor of a Cooperative effort being the eventual solution if expanding growth of population makes further building necessary. Every dollar that would be put into the proposed construction program will give our taxpayers a dollar's worth of equity in any multiple town school effort in the future. The physical presence of a modern flexible plant puts our town in a much better bargaining position with reference to any future negotiations which may come to pass.

*Local Building Program:* With the Cooperative Effort having been completely studied and found to be impractical to meet the crisis, there is no alternative but to build an addition to our own school. We want to build an addition which will solve our problems, and yet not be overcrowded the day it opens, one which will not use up all of our borrowing power lest future emergencies present themselves.

We propose the addition of eight classrooms, a library and a cafeteria-kitchen area. With this addition we will be able to:

1. Provide for removal of the library and cafeteria from the elementary school so that there will be twelve classrooms there to take care of Grades 1 - 6.
2. Allow for the increase in classroom space needed to provide 4 classrooms for Grades 7 and 8.
3. Give the space back to the Business Education and Science Departments that has been borrowed from them.
4. Return the space to the School Health Program so that it can resume its function during school hours.
5. Provide two classrooms that are not designated to any specific use as yet, but which we are sure will be used economically by the time the school is finished. At the time the last addition to the school was made, two classrooms more than the original proposal were added, and they were filled up by the time the school was completed and opened.
6. Provide an adequate library located in the area where it is used.
7. Provide a cafeteria-kitchen which will seat 225 for a meal, and which is located in such a position that, with its own entrance, lobby and toilet facilities, can be closed off from the rest of the school so that it may be used for many civic purposes outside school hours. We feel that the taxpayers should enjoy the utility of such a facility. This area can also be used for study hall when food is not being served, or for an assembly room when only a portion of the school needs to be present. Storage will be provided for the tables, so that it might be used for receptions, dances or any other

use which the community or its taxpayers may see fit to utilize outside school hours.

### WHAT IS THE COST?

It has been estimated by our architect that the total cost of the entire project will be \$295,500. Our current net borrowing capacity is \$402,968. The New Hampshire State Building Aid refunds 30 per cent of the current bond payment each year which is a significant contribution. It has been calculated that the increase to the tax rate, for the building program, will be approximately \$6 per thousand of assessed valuation.
